Reference for Alibi

Premier Oil are very happy to provide a reference for Alibi. They proved to be a band not just with fine vocal abilities, but also a band capable of superb entertainment during their live performance at Premier Oil's Summer party in June 2007 at Hampton Court.

Alibi delivered an irresistible blend of musical styles including Pop, Reggae, Soul, Jazz and R&B throughout and in the process involved the audience via well executed choreographed routines, which made the evening even more fun!

Alibi's repertoire included covers from the legendary Frank Sinatra, Lionel Ritchie, Luther Vandross and Elton John to mention a few.

Premier Oil would be thrilled to have Alibi back for future events.

Yours sincerely
